DETAILED ACTION

1. This office action is in response to application serial No. 10/603,460 filed on 6/25/03 in which claims 1-27 are presented for examination.

Drawings

2. New corrected drawings are required in this application because ***part of the text does not fit within the workflow symbols***. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claim 27 contains the trademark/trade names "Samsung RISC CPU S3C2410X", "ST Micro electronics STB5610, ST20-GPS chip", "TI TNETW1100B" "DIVIO NW800", "Tigerjet ST560", and "ATMET AT43312". Where a trademark or trade name is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 U.S.C. 112, second paragraph. See *Ex parte Simpson*, 218 USPQ 1020 (Bd. App. 1982). The claim scope is uncertain since

the trademark or trade name cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves. Thus, a trademark or trade name does not identify or describe the goods associated with the trademark or trade name. In the present case, the trademark/trade names are used to identify/describe the control unit, the GPS module, the wireless communication module, the voice communication module and the USB hub controller and, accordingly, the identification/description is indefinite.

Allowable Subject Matter

5. Claim 27 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

6. Claims 1-26 are allowed.
